

Funding Opportunities – Healthy Streets

- Transport for London/central government
 1. **TfL Liveable Neighbourhoods Fund** – grants of between £1m and £10m will be provided for a wide range of community-supported projects. These could include creating green spaces and cycling infrastructure and redesigning junctions. The programme can also fund the widening of walking routes to improve access to local shops, businesses and public transport. The Liveable Neighbourhoods programme will continue until 2022/23 and boroughs can submit bids at any time. The closing date for bids in the 2019/20 funding round is Friday 29 November 2019. <https://tfl.gov.uk/info-for/boroughs/liveable-neighbourhoods>
 2. **Mayor's Air Quality Fund** – supports a variety of projects in this area. <https://www.london.gov.uk/what-we-do/environment/pollution-and-air-quality/mayors-air-quality-fund>. The fund is currently closed for applications and will reopen again in Autumn 2021 (for projects of three years' duration).
 3. **Low Emission Neighbourhoods** - A Low Emission Neighbourhood (LEN) is a comprehensive package of measures delivered in an area of high pollution and high human exposure. It can include infrastructure to support walking and cycling, greening, infrastructure for ultra low emission vehicles, projects with schools and businesses, and innovative measures such as making prime loading bays accessible to only ultra low emission vehicles. <https://www.london.gov.uk/what-we-do/environment/pollution-and-air-quality/mayors-air-quality-fund#acc-i-54331>
 4. **Go Ultra Low City Scheme** – largely focused on low emission vehicles <https://www.londoncouncils.gov.uk/our-key-themes/transport/roads/gulcs>
 5. **Mayors Good Growth Fund** - The Good Growth Fund is open to a broad range of public, private and third-sector organisations in London who want to drive regeneration in their local area. Workshops in September. <https://www.london.gov.uk/what-we-do/regeneration/funding-opportunities/good-growth-fund-supporting-regeneration-london/bringing-about-real-change-london#acc-i-58473>
 6. **Future High Streets Fund** - the government has set up (*more focus outside London but boroughs have applied*). 2-stage, competitive bidding process. <https://www.gov.uk/government/publications/future-high-streets-fund-call-for-proposals>
- 7. **Walking and Cycling London Grant**
- **The National Lottery** - Climate Action Fund - will support communities in the UK to take local action on climate change. These communities will stand as beacons of what is possible when people take the lead on climate change. **Suitable for** Community-led partnerships of voluntary, private and public sector organisations. **Total available:** £100 million. **Application deadline:** Applications will open in Autumn 2019. <https://www.tnlcommunityfund.org.uk/funding/programmes/climate-action-fund#section-4>
- **Local Implementation Plans to TFL** - <https://tfl.gov.uk/info-for/boroughs/local-implementation-plans?intcmp=20412>
- **Section 106/CIL funding** – requesting this funding from local developments is used to support local infrastructure for healthy streets
- **Parking Income** - London councils make huge sums from parking income. The RAC Foundation publishes the amounts. See <https://www.racfoundation.org/media-centre/english-council-parking-profits-up-ten-percent-2016-17>. The money has to be spent on transport related projects, but rarely on transformative schemes.
- Combining/pooling council funds from transport/health/air quality/climate emergency budgets
- Using routine maintenance budgets. Bending the spend to achieve maximum imp
- Innovative approaches (3rd party/in-kind sponsorship)
